Acknowledgements

Global Leisure Group was engaged by Hutt City Council to lead the development of the Hutt City Cycling Strategy. The authors wish to acknowledge the work of Rebecca Loader and other staff from Council and the Project Working Group and thank them for their input. The authors also wish to thank all of the individuals and organisations that participated in workshops, particularly the volunteers. The authors would also like to thank Rodney Tolley for his advice and input into the development of the Strategy.

Report Disclaimer

In preparing this report it has been necessary to make a number of assumptions on the basis of the information supplied to Global Leisure Group Limited in the course of investigations for this study. The recommended actions contained in this report are subject to uncertainty and variation depending on evolving events, but have been conscientiously prepared based on consultation feedback and an understanding of trends in physical activity.

The authors did not carry out an audit or verification of the information supplied during the preparation of this report, unless otherwise stated in the report. Whilst due care was taken during enquiries, Global Leisure Group Limited does not take any responsibility for any errors nor mis-statements in the report arising from information supplied to the authors during the preparation of this report.

1. Foreword

The natural environment of Hutt City presents its residents a wide variety of cycling opportunity. The Council recognises a significant benefit to the community of increased participation in cycling including improved health, recreation, and efficient transportation for short and medium length trips.
