To the Householder

Dear Resident

Proposed Residents Parking Scheme Weltec, Petone
Public Meeting - Postponement

Earlier in November, Council circulated consultation information on a proposal to implement a Residents Parking Scheme in the Weltec area of Petone.

We have received a number of replies raising many valid points. Thank you for your responses.

Part of that proposal was for a Public Meeting to be held during late November.

The Petone Community Board has requested that this proposed public meeting be postponed until the New Year.

A notice of the Public Meeting time, date and venue will be advertised in the Hutt News & Petone Herald, and posted on the Council Web Page once the Community Board sets the meeting date.

Yours faithfully

Wayne King
