For presentation tomorrow:

Name : Rachana Sor

Job: owner of Mr.Bun Petone bakery

I'm here to take about the serious impact of paid parking on Jackson Street.

I started here full of hope for progress, but hope was lost again and again... factories closed down, COVID impact, banks close drown-one by one, even post office too, paid parking started, rate increase, rend increase, power bills increase more and more...

The number of employees has dropped from 8 to 3... it's worst ever.

1 year after paid parking on Jackson Street, I was forced to sell my house because my business income was not enough. Now my business is going to shutdown soon, if the council keeps increase the pressure on us...

Thanks you
